

EDUCATION

UX UI Design Bootcamp

Ironhack

Oct 2021 – Dec 2021

Master in Industrial Engineering

Universidad Carlos III de Madrid
(Erasmus in France – 1 year)

Sep 2019 – Sep 2021

Degree in Engineering of Industrial Technologies

Universidad Carlos III de Madrid
(Erasmus in Germany – 6 months)

Sep 2015 – Sep 2019

HARD SKILLS

- Figma
- Design thinking, Agile (Scrum)
- Wireframing, Prototyping
- A/B Testing
- Design Systems
- Responsive Design
- Accessibility (WCAG)
- JavaScript, HTML/CSS, React
- Maze, Hotjar
- Jira
- Adobe Creative Suite (Illustrator, InDesign, After Effects, Photoshop)
- AI tools

SOFT SKILLS

- Problem solving
- Analytical thinking
- Attention to detail
- Communication & Teamwork
- User-Centric Mindset

LANGUAGES

- Spanish – Native
- English – C1 (Advanced certificate)
- French – B2

WORK EXPERIENCE

Product Designer

Indra

March 2023 – Now

- Led the end-to-end design of web and mobile enterprise applications for industrial and infrastructure clients.
- Conducted discovery workshops with engineers, operations teams, and business stakeholders to identify user needs and pain points.
- Designed complex workflows, information architecture, wireframes, and high-fidelity prototypes in Figma.
- Created data visualization dashboards and operational interfaces for monitoring assets, processes, and performance indicators.
- Collaborated closely with developers to ensure design feasibility and consistency across products.
- Contributed to the evolution of the design system and established reusable components for enterprise applications.
- Applied accessibility principles and human-centered design methodologies to simplify complex technical processes for professional users.

Product Designer – Freelance

Aptivio

March 2022 – Jan 2023

- Redesigned the desktop application in Figma to improve the user experience and usability.
- Designed a new mobile application to increase user engagement.
- Contributed to the creation and maintenance of a design system to ensure consistency and scalability across platforms.
- Designed and developed an onboarding wizard in HTML/CSS for new clients, reducing onboarding time from 20 days to 7 days.
- Worked in cross-functional teams using Scrum methodology in English.
- Collaborated closely with Product Manager, developers, and stakeholders to translate product requirements into wireframes, interactive prototypes, and high-fidelity designs in Figma.
- Participated in usability testing and continuous product improvement.

UX UI Designer – Freelance

Raw AI Images

Jan 2022 – March 2022

- Designed and optimized responsive workflows for an AI-generated stock image platform with a mobile-first approach.
- Delivered user flows, wireframes, and interactive prototypes to streamline uploading, reviewing, and approving processes.
- Benchmarked competitor platforms to define key differentiators and strengthen the platform's unique value proposition.
